DEAR SIR/MADAM

My name is Simon Meyer, Human Resources Personnel ONICHEM INTERNATIONAL LIMITED South Africa, with the Head Quarter in the Peoples Republic of China.

ONICHEM is a reliable and flexible supplier (ISO9001/ISO14001 Qualified by DQS GmbH) of Silanes (organo-functional silanes) as well as several specialty chemicals like Glyoxal 40%, Glutaraldehyde 50%, etc. in China.

We have a vision of being amongst the worlds leading suppliers, due to our great innovation in marketing of chemical products around the world; we are presently expanding our sales span to North and South America, Asia and Europe.

The global demands for Organosilanes have been increased a bit for its wide applications in many fields especially for composites. As a leading and reliable supplier of Organosilanes in China, we have been exporting our materials to many customers in the world mainly in Europe but also in South America, North America and Asia. We are strong in Amino functional Silanes.

We have been facing serious difficulties when it comes to selling our products to America due to payments method as majority of our client offers payment with Money Orders, Personal Cheques or Cashier's Cheques which is difficult for us to cash here in South Africa.

We are presently working on setting up a branch in North America that will cater for our present lapses, but for now we are urgently in need of Representatives in North America, South America, Asia and Europe. These Representatives will be working for a part time or on contract basis. We look forward to a situation where-by Representatives will be working in a comfortable condition, hence working from home or in a position without affecting his/her present job if there is any at hand.

ONICHEM will be offering 10% payment per transaction for Starters. The scope of the work is to receive funds from our clients who make payments in form of Money Orders, Personal Cheques, Travelers Cheques or Cashier's Cheque addressed to our nominated Representative.

ONICHEM, this new name in the world, will be your alternative source and strategic partner. Upon your acceptance to this offer, ONICHEM contract will be sent to you containing detailed terms of our operations.

Regards,
Simon Meyer
